INNOVATION UNLOCKED

INNOVATIONS

INNOVATIONS UNLOCKED

Redefining the Gaming Ecosystem

Skilrock stands at the forefront of gaming innovation, delivering cutting-edge solutions that empower operators to optimize efficiency and elevate player engagement. With multiple patents awarded over the years, Skilrock continues to pioneer future-ready gaming ecosystems designed to meet the evolving needs of the industry.

KEY INNOVATIONS

Green Lottery

Green Lottery offers electronic betslips, instant games & a full iLottery solution, eliminating usage of paper tickets and receipts to help save millions of Trees.

Lotto Zone

LOTTO ZONE transforms traditional lottery outlets into engaging spaces with a lounge-like ambiance, attracting younger players through interactive tablets, prepaid cards, and engaging multimedia content.

Scratch Weaver

"Scratch Weaver" supports both physical scratch lottery and e-instant. It provides a complete solution to manage the entire lifecycle journey, spanning pre-production (the design phase), production (the print phase), and post-production (the operations phase).

Cashless Casino

With a virtual wallet at the front, players have the option to transfer money to the wallet to play games at a casino providing a hassle free experience and avoid chips, cards or cash.

Scan-N-Play

Scan-n-Play is an omnichannel lottery solution that enables easy online gameplay without requiring complex player registration.

Gaming Regulatory System

GRS is a centralized, administrative system designed to oversee and regulate lottery and gaming operators operating within a specific jurisdiction.
